Abstentions will be recorded but will not count in the calculation of the two-thirds majority. By a similar vote, the Executive Committee may direct that a Special General Membership Meeting be called (as per Article 15) to consider the recall of any Executive Committee member, except the chair(s) of the Trans Feminist Action Caucus. If the recall of the Chairperson of the Executive Committee is at issue, a Chief Steward shall chair the Special General Membership Meeting. APPENDIX A – Equality Statement

The following statement is recited before every GMM in accordance with the union policy of promoting anti-oppression awareness and a respectful collegiality amongst the membership:

Union solidarity is based on the principle that union members are equal and deserve mutual respect at all levels. Any behaviour that creates conflict prevents us from working together to strengthen our union.

As unionists, mutual respect, cooperation and understanding are our goals. We should neither condone nor tolerate behaviour that undermines the dignity or self-esteem of any individual or creates an intimidating, hostile or offensive environment.

Discriminatory speech or conduct which is racist, sexist, transphobic or homophobic hurts and thereby divides us. So too, does discrimination on the basis of ability, age, class, religion, language and ethnic origin.

Sometimes discrimination takes the form of harassment. Harassment means using real or perceived power to abuse, devalue or humiliate. Harassment should not be treated as a joke. The uneasiness and resentment that it creates are not feelings that help us grow as a union.

Discrimination and harassment focus on characteristics that make us different; and they reduce our capacity to work together on shared concerns such as decent wages, safe working conditions, and justice in the workplace, society, and in our union.

CUPE's policies and practices must reflect our commitment to equality. Members, staff and elected officers must be mindful that all persons deserve dignity, equality and respect.

APPENDIX B – Rules of Order

Bourinot's Rules of Order will be adhered to at all meetings

- 1.** The Chair will be the Chairperson at all Membership Meetings. In the absence of the Chairperson, one of the three Unit Vice Presidents will be the Chairperson at the Membership Meeting. In the absence of the Chairperson and all Unit Vice Presidents, the Recording Secretary/Research Officer will be the Chairperson at the Membership Meeting. In the absence of the Chairperson, Unit Vice Presidents and Recording Secretary/Research Officer, members at the Membership Meeting will select a Chairperson by majority vote. Quorum rules must be met.
- 2.** Members are not allowed to speak about an issue for more than three minutes. Members can only speak to an issue once unless there is agreement by the members at a meeting, or where all those wishing to speak have had the opportunity to speak.
- 3.** The Chairperson of a committee who is making a report or the mover of a motion may speak for up to ten minutes. With the agreement of the members present, the ten minutes may be expanded.
- 4.** The Chairperson will state every motion presented at a membership meeting before allowing debate on the motion. Before putting a motion to a vote, the Chairperson will ask: "Is the Local ready for the motion?" If no member rises to speak, the motion will be voted upon.
- 5.** A motion must be moved and seconded. The mover and seconder must rise and be recognized by the Chairperson.
- 6.** A motion to amend a motion, or a motion to amend an amendment is allowed, however a motion to amend an amendment to an amendment is not allowed.
- 7.** An amendment to a motion or an amendment to an amendment to a motion that is a direct negative to the main motion is never permitted.
- 8.** On motion, the regular order of business at a General Membership Meeting may be suspended where two-thirds of those present vote to do so. The regular order of business should only be suspended to deal with urgent business.
- 9.** Motions other than those named in Rule 19, or motions to accept or adopt the report of a committee, will, if requested by the Chairperson, be put in writing prior to beginning debate and vote.
- 10.** At the request of a member, and upon a majority vote, a motion that contains more than one action or issue can be divided.
- 11.** The mover of a motion can withdraw the motion upon the consent of the seconder prior to the end of debate. Once debate has ended on a motion, the motion can only be withdrawn upon unanimous vote of the members present.

- 12.** A member who wishes to speak on a motion, or a member who wishes to move a motion, shall rise and respectfully address the Chairperson. The member shall not proceed until the member is recognized by the Chairperson except where the member rises to a Point of Order or on a Question of Privilege.
- 13.** The Chairperson will keep a speakers list and in all cases will determine the order of speakers including those circumstances where two or more members rise to speak at the same time.
- 14.** A member, while speaking, will speak only to the issue under debate. Members shall not personally attack other members. Members will refrain from using language that is offensive or in poor taste. Members will generally not speak in a manner that reflects poorly on the Local Union or other members.
- 15.** A member that is called to order will stop speaking until the Point of Order is determined. If it is decided that the member is in order, then the member may continue speaking.
- 16.** Religious discussion of any kind is not permitted.
- 17.** The Chairperson will not take part in any debate. Where the Chairperson wishes to speak on a resolution or motion, or where the Chairperson wishes to move a motion, the Chairperson must rise from the chair and hand the chair over as outlined in Rule #1.
- 18.** The Chairperson will have the same right to vote as other members. In the case of a tie vote, the Chairperson may cast another vote or the Chairperson may refrain from casting an additional vote, in which case the motion is defeated.
- 19.** When a motion is before the members, no other motion is in order except a motion to i) adjourn; ii) put the previous question; iii) lay on the table; iv) postpone for a definite time; v) refer; or vi) divide or amend. These six motions shall have precedence in the order indicated. Motions i through iii shall be decided without debate.
- 20.** The Chairperson will ask, “Will the main question be now put?” where a motion for the previous question is moved and seconded. If approved, the Chairperson will then take votes on the motion and amendments to the motion (if any) in order of priority. If an amendment or an amendment to an amendment is approved, then members will be asked to vote on the motion as amended.
- 21.** A motion to adjourn is in order except when a member is speaking or when members are voting.
- 22.** A motion to adjourn, if lost, is not in order if there is further business before the Local Union, until fifteen minutes have elapsed.
- 23.** After the Chairperson declares the vote results on a question, and before the Local Union proceeds to another order of business, any member can ask for a division. A standing vote on the division will be taken and the Recording Secretary/Research Officer will count the standing vote.

24. If a member wishes to appeal a decision of the Chairperson, the member must appeal at the time the decision is made. If the appeal is seconded, the member will be asked to state briefly the basis for the appeal. The Chairperson will then state briefly the reasons for the decision. Following immediately and without debate, the Chairperson will ask, “Will the decision of the Chair be upheld?” A majority vote shall decide. In the event of a tie vote, the decision of the Chair is upheld.

25. After a question has been decided, any two members who have voted with the majority can move reconsideration, provided that a motion for reconsideration is made at either the meeting where the decision proposed for reconsideration was made, or at the very next meeting.

26. Members are allowed to leave a meeting with the permission of the Chairperson; however in no case will a member leave during the reading of minutes, the initiation of new members, the installation of Officers, or the taking of a vote.

The Local Union’s business and the proceedings of meetings are not to be divulged to any persons outside the Local Union, or the Canadian Union of Public Employees.

APPENDIX C – Ways and Means Fund

I. Preamble

The Ways and Means (W&M) Fund is available to members of all bargaining units who have experienced a recent, unexpected hardship that resulted in unexpected financial stress or hardship. Examples of such hardships include, but should not be viewed as limited to, a death in the family, unforeseen illness of the member or their dependants, theft and/or legal costs and other emergency circumstances.

This fund is available only to members of the Local, except in the case of the death of a member, where funds can be made available to the member's next-of-kin. The definition of next-of-kin and necessary documentation will be determined by the W&M Committee. For these exceptions, a minimum of \$10,000 of the W&M annual budget will be earmarked.

A minimum of \$10,000 will be earmarked for the purpose of assisting any member with a disability requiring work related accommodation.

II. Adjudication Process

Due to the urgency of the applications, the Committee shall endeavour to meet every two weeks to adjudicate new applications and review any appeals.

Committee members shall endeavour to give applicants notice of the Committee's decision as soon as practicable.

Due to the finite nature of the fund and the desire to assist as many members as possible, no member will receive more than \$1,500 per Collective Agreement year (September 1 to August 31). In cases where it is deemed necessary by the Committee, this limit can be waived.

III. Appeals

Committee members must report an appeal to the Executive Committee, and the Executive Committee will make a decision on the appeal. W&M Committee members will prepare the appeal application for 'blind review', which means that the name of the applicant who is appealing the Committee's decision is redacted. The W&M Committee will also provide the Executive Committee with a brief rationale for their decision. This appeal application will be adjudicated by the Executive Committee, and their decision is final.

APPENDIX D – Extended Health Benefit Fund

I. Preamble

The Extended Health Benefits Fund (EHBF) is collectively bargained by and for all bargaining unit members of CUPE 3903.

The purpose of the EHBF is to support members with health care costs that would cause an undue financial burden and that are not covered by the Sun Life Insurance plan, whether due to lack of coverage by the plan or exhaustion of benefits. In setting up the policy, guidelines and allocation process for the EHBF, the Union recognizes that there is a strong relationship between a range of social factors and a person's health and well-being. Such social determinants of health include, but are not limited to income, social support, education and literacy, employment and working conditions, housing, health services, nutrition and coping skills. The Union also recognizes that inequitable access to resources and supports may be specific and/or systemic. People may have a lack of access due to poverty and they may be denied access due to one or more forms of social exclusion (such as racism, sexism, ableism heterosexism and transphobia). Health issues and health inequities are thus often deeply intertwined.

This understanding also incorporates the fact that there is a finite amount of money in the fund for a growing union membership. Ongoing collective bargaining is critical to continuing to improve member access to funds to support them with health care expenses.

II. Role of the Extended Health Benefits Committee

The Committee's collective role is to give equitable access to and allocation of a finite amount of funds in each Collective Agreement year to members of CUPE 3903 as per this policy. The Committee makes decisions based on all the guidelines set out below in the policy.

III. Adjudication Guidelines

The following guidelines are used in the application review and fund allocation process. They include basic eligibility requirements, factors assessed for fair and equitable disbursement and eligible expenses.

IV. Basic Eligibility

The Committee will endeavor to adjudicate applications on a monthly basis for both:

- (i) expenses which have occurred (requiring receipts)
- (ii) foreseeable expenses (requiring invoices/estimates)

Due to the limited availability of funds, access to the fund is restricted to members only. Family members and dependents are NOT eligible to receive EHB funds. The only exception is with reproductive technologies.

Health care expenses made during a Collective Agreement year will only be reimbursed during that year.

Member eligibility follows Sun Life insurance plan eligibility criteria. Thus, members may make claims for five months after the date of their last contract, as long as the expense made or proposed is in the Collective Agreement year in which the member applies.

All applications must be fully completed in order to be considered.

V. Disbursement Factors

- Members may apply as many times as they wish in a year.
- Priority will be given to first time applicants in a given year.
- Due to the finite nature of the fund and the desire to assist as many members as possible, no member will receive more than \$3,000 per Collective Agreement year. In cases of extreme need, the Committee can waive this limit.
- Approved applicants should expect to receive a portion of the costs applied for, with the possibility of an annual top-up based on the status of the fund.
- Applicants who have significant needs due to large upfront healthcare costs, social marginalization, or other factors may be provided up to their yearly limit in a single adjudication
- Committee members shall endeavour to give applicants notice of the Committee's decision as soon as practicable.

VI. Eligible Expenses

Support from this fund might range from the one time purchase of an assistive device to an ongoing regiment of therapy or to unexpected health needs resulting from a sudden accident or injury. This includes assistance with costs associated with longer-term disabilities and/or care needs that are not otherwise covered by under other health insurance plans. Cosmetic procedures are not covered. In addition, the following is covered:

- Non-MD psychotherapy
- Travel health insurance (does not include baggage or cancellation insurance)
- Acupuncture
- Orthotics
- Vision care expenses, once the regular plan coverage is exhausted (proof of exhaustion required)
- Emergency dental work, once the regular plan coverage is exhausted (proof of exhaustion required)
- Naturopathy, Chiropractic, Physiotherapy, Psychologist, Podiatry and Massage Therapy once the regular plan coverage is exhausted (proof of exhaustion required)
- Incidental health expenses (e.g. hospital parking, emergency taxis, crutches/canes, etc.)
- Other services delisted from OHIP

VII. Appeals

When a member notifies the Committee that they wish to appeal a committee decision on their application, the member's application will be reviewed by one committee member, one designated Executive Committee member, and the Equity Officer (ex-officio).

To be considered, the appeal must be submitted within one month of the member's receipt of the Committee's original decision.

APPENDIX E – Professional Development Fund

I. Preamble

The Professional Development Fund (PDF) is available to members of all bargaining units.

II. Criteria & Procedures

- This money will be distributed three times per Collective Agreement year, in periods that correspond with academic terms and peak conference periods:

Period 1 (FALL) Sep 1 — Dec 31 Deadline: Jan 10

Period 2 (WINTER) Jan 1 — May 31 Deadline: June 10

Period 3 (SUMMER) June 1 — Aug. 31 Deadline: Sept 10

- Priority will be given to applications for events that occur within the current period (e.g., applications for conferences in October will be given priority in the Fall period. If submitted in the Winter period, the same application will be considered lower priority and will only be funded if money remains after all current applications are processed)
- The PDF does not cover capital costs such as equipment, software, stationary, and books.

III. Amounts & Distribution of Awards

- In each funding period, a maximum amount of funding is made available for disbursement.
- In the interest of awarding monies equitably to all eligible applicants, the maximum individual award for conference presentations in any academic year will not exceed \$600. The maximum individual award in any academic year for all other costs will not exceed \$250. Depending on the availability of matching funds, this maximum may also be adjusted to ensure widest coverage of the applicant pool.
- A member may only draw up to the total maximum of \$600 in a given academic year.

The PDF committee will endeavour to review applications as soon as possible after the competition deadline. Normally, funds are distributed within 6-8 weeks of the deadline. Committee members shall endeavour to give applicants' notice of the Committee's decision as soon as practicable.

APPENDIX F – Electronic Communications Rules and Posting Guidelines

I. Preamble

CUPE 3903 is committed to maintaining electronic methods of communication that are safe and accessible for all members while ensuring that they provide space for fruitful, spirited discussion. This means that, for electronic communications platforms with a restricted purpose and mandate, members are expected to limit their discussions to the scope of that platform. All members are expected to commit to participating in ways that are consistent with the CUPE code of conduct and to avoid harassing behaviour, discriminatory behaviour, and personal attacks (definitions below). While this kind of participation is meant to ensure a safe space for broad participation, it will not always ensure comfort. It is everyone's responsibility to be conscious of the difference between posts with content or opinions that one dislikes or finds politically disagreeable and posts that include discriminatory and/or harassing language.

If an email upsets you, please take the time think about which one of these circumstances it represents. Similarly, if your remarks are flagged as harassing, discriminatory or attacking, please take the time to think about what you wrote before responding. Beliefs are changed most effectively through respectful discussion, not through personal attacks or summarily banning unpopular opinions. We hope and expect that all members will be able to contribute to maintaining a safe space for discussion.

However, we know that this is not always the case. As a result, our commitment to maintaining a safe space means that sometimes members who, after fair warning, prove themselves incapable of contributing to the production of such spaces may be temporarily or permanently banned in order to preserve the space for all members. While we recognize that absolute objectivity is never possible, our commitment to moderating as objectively as we can means that moderators will refrain from moderating discussions in which they are participating.

II. Definitions

Harassment and discrimination are illegal under the *Ontario Human Rights Code* and/or the *Occupational Health and Safety Act*.

III. Harassment and Discrimination

Harassment in electronic communications includes, but is not limited to, threats or a pattern of aggression, insulting, demeaning or derogatory remarks about an individual's intelligence, competence, physical appearance or other characteristics which create a negative psychological and emotional environment for the member and/or in the union. Harassment is demeaning, offensive, intimidating, embarrassing and hurtful, and can undermine the integrity of an individual.

Discrimination in electronic communications includes comments that demean others on the basis of/by reason of race, creed, colour, age, sex, marital status, parental status, number of dependents, nationality, ancestry, place of origin, native language, disability or disabilities, Acquired Immune

Deficiency Syndrome (AIDS), or related illness, political or religious affiliations or orientations, academic affiliations, record of sexual orientation, transsexual transition status, gender expression, and gender identity.

IV. Electronic Communication Rules

1. On signing up for the listserv or bulletin board, moderators give members the Electronic Communication Rules and Posting Guidelines. The rules and posting guidelines will also be posted on the union's website.
2. If someone does not respect the rules and guidelines once, the moderator(s) will remind them privately as to how the message contravenes the Electronic Communications Rules and Posting Guidelines and will inform the person about steps 3 to 5 below. The moderator(s) will also post a message to advise people that they are following up on the harassing, discriminatory or attacking post.
3. For failing to meet the guidelines again within one year, moderator(s) shall remove the member from that electronic platform for up to one week.
4. If a member removed returns to the listserv and does not meet the guidelines again within one year, moderator(s) may shall remove the member from the listserv from that electronic platform for up to one week.
5. If a member removed returns and does not meet the guidelines again within one year, moderator(s) shall remove the member that electronic platform until an investigation has been conducted by the Executive Committee, as per the CUPE constitution.
6. For particularly egregious postings, moderator(s) shall immediately remove the member from that electronic platform until an investigation has been conducted by the Executive Committee, as per the CUPE constitution.
7. All moderators will be given an orientation on how to implement this protocol and their attached job description.
8. Template messages for each step will be part of the job description.

V. Appeals

Members may appeal the decisions of the listserv moderator(s) to the Executive Committee, who will be guided by this document in reviewing the moderator(s) decision.

VI. Posting Guidelines

1. CUPE 3903 is a labour union. Try to limit discussion to topics that correspond to the objectives of the union as outlined in Article 2 in the objectives of the Constitution.

2. Remember that the person you are engaging with is another human being with thoughts, emotions, and feelings. Please be kind with your posts in the interest of building solidarity within the local.
3. If you find yourself writing an email or posting in haste or anger, save in a draft folder and reconsider it before you hit send.
4. It is crucial that all emails and posts are accessible for all members. This includes, but is not limited to:
 - using descriptive subject lines (for new posts and replies);
 - providing image descriptions for any uploaded or linked image;
 - providing text versions of any uploaded or linked audio;
 - avoiding embedded animated gifs or video (though links to them are acceptable);
 - avoiding use of blinking, moving, or coloured text, as well as extensive use of emojis (unreadable by some screen readers).]
5. Respect other people’s time. Try to limit the length of your emails and posts. For email listservs, limit your posts to no more than 3 emails to a list within a 24-hour period.
6. Be mindful of tone. Refrain from writing in caps. It is the equivalent of shouting. Likewise sarcasm can easily be misinterpreted.
7. Remember that not every person is educated in the same discipline as you; refrain from the use of language or acronyms that may exclude others from participating in the conversation.
8. Healthy debate means the use of constructive criticism and argument rather than attack. Focus on ideas, not people. Try to refrain from the need to be “right”. Ideas are much more easily understood if not espoused in an oppressive or demeaning way.
9. Be careful not to silence those who have a long political history of being silenced (i.e. women, persons with disabilities, racialized persons). Recognize individual privileges when engaging in debate and try to refrain from repeating oppressive or demeaning behaviour.
10. Freedoms of consciousness, thoughts or beliefs are protected by the Charter of Rights and Freedoms.

VII. Moderator Job Description

It is the collective responsibility of CUPE 3903 members to implement the Listserv Rules and Posting Guidelines. The moderators of all listservs are to facilitate this as follows.

Moderators:

1. Demonstrate impartiality and are polite but firm while communicating with members who are not following the Electronic Communications Rules and Posting Guidelines.

2. Do not participate moderate any discussions in which they are participating.
3. Add members to and remove them from the listserv as needed.
4. Point new members to Electronic Communications Rules and Posting Guidelines as soon as they sign them up.
5. Review posts regularly to ensure they followed Electronic Communications Rules and Posting Guidelines. If a moderator is unavailable for a period of time, they will seek back up from someone on the relevant caucus, committee or working group. For union-wide listservs/bulletin boards, there will be two moderators. The members of the executive shall also function as backup moderators for most bulletin boards in cases where moderators are unavailable, or are unable or unwilling to perform their duties.
6. Follow the steps outlined in the rules when post violates any of the Electronic Communications Rules and Posting Guidelines. They will use the sample templates below.

Moderators are selected as follows:

1. By the relevant caucus, committee or working group that they are participating in
2. For union-wide communications platforms, two moderators will be elected annually at a GMM or when replacements are needed. If there are no candidates, two executive members will perform the moderators' duties.
3. Each moderator shall receive an honorarium of \$500. Each moderator shall write a report of their activities to be presented to the Membership at the end of their term. Honoraria will not be released until this report is received.

Donations Decision Making Policy

- (a) This Donations Policy applies solely to the 'Donations' and 'Solidarity Fund' budget lines within the Main Operating account.
- (b) The base amount for a donation from the Donations Fund is \$250. Donations of this amount will be decided upon at the Executive Committee level. The Executive Committee must disclose all donations at the next General Membership Meeting (GMM). Donations greater than \$250 must be approved with 2/3 majority vote at the next GMM with proper notice.
- (c) The base amount for a donation from the Solidarity Fund is \$250. The membership may increase the amount following prior donations procedures (notification of donation request prior to voting on the request), and donations from the Solidarity Fund will not exceed \$1000 without a vote with a 2/3 majority of the members present at the GMM. The Secretary-Treasurer (or her delegate) shall inform the membership, prior to voting, on the status of the budget line, should the donation in question be approved.

APPENDIX H – Internal Sexual Assault Policy

I. Goals of the Policy

All incidences of sexual violence are serious issues that warrant action. CUPE 3903 is committed to developing an intersectional and survivor-centric policy on sexual violence in union spaces. Given the widespread incidence of sexual violence on university campuses, CUPE 3903 has an imperative to act as a resource and support for members experiencing sexual violence.

The goals of this policy are to:

1. provide procedures that executive members or staff members of the local can follow when a member discloses an incident of sexual violence;
2. outline specific procedures for redress within the local which do not require police involvement;
3. outline the supports and resources available to members through the local; and
4. create an environment where the rights, needs, and wishes of the survivor are prioritized and respected as much as legal constraints allow.

II. Survivor-Centric Approach¹

A survivor-centric approach aims to create a supportive environment in which the survivor is treated with dignity and respect. In this policy, a survivor-centric approach applies a set of principles and skills to teach all members and staff how to engage with people who have experienced sexual violence.

In contrast with medical or criminal punitive approaches, using a survivor-centric approach, the survivor has a right to:

1. be believed and supported instead of being blamed for the harm they experienced;
2. choose and direct the course of action in dealing with the violence, within the bounds of this policy;
3. privacy and confidentiality;
4. be free from discrimination based on gender, age, race/ethnicity, ability, sexual orientation, religion, family status, mental health diagnosis and history, or any other personal characteristic;
5. receive relevant and useful information to help them decide their subsequent course of action.

Concretely, this means that the survivor must authorize any sharing of information relating to the incident, unless the Local is legally compelled to do so. Unless the survivor requests their involvement, York Campus Security will not be informed. If the survivor chooses redress procedures outside of this

¹ <http://www.endvawnow.org/en/articles/652-survivor-centred-approach.html>

policy, their decision will not prevent them from accessing local-specific resources which support survivors of sexual violence.

III. Scope of the Policy

This policy applies to all current members of CUPE 3903, including all elected officers and political members.

This policy is intended to primarily address sexual violence where the survivor and the respondent are both CUPE 3903 members. It applies to members who are experiencing/or have experienced sexual violence, intimate partner and/or domestic violence where the harm was committed by a CUPE 3903 member, even if the incident occurred before the respondent and/or the survivor were CUPE 3903 members. This policy can only inform how members interact in union spaces, broadly defined, while recognizing that union, employment, and educational spaces often overlap. Nothing in this policy is meant to remove the employer's responsibility to ensure a workplace free from sexual violence.

This policy cannot be used to remove membership status and rights guaranteed under the Labour Relations Act.

Members experiencing this type of violence from non-members and/or outside the local can still disclose to another member and receive a list of internal and external resources.

IV. Terms Used in the Policy

Confidentiality: The provisions under this policy that protect the privacy of all parties to the complaint. See [Appendix B](#).

Designate: An Executive Committee member or staff member of CUPE 3903 who assists the survivor in navigating this policy and other resources on behalf of the Local. Designates cannot act as a support person as defined under this policy.

Equity Officer: This term always refers to the 3903 Equity Officer. As an employee of CUPE 3903, they are not a member.

Executive Committee: The governing body of CUPE 3903 between membership meetings consisting of elected positions outlined in Article 8 of the CUPE Local 3903 Bylaws.²

Gender-based Violence: Violence that is committed against someone based on their gender identity, gender expression or perceived gender. Gender-based violence is not limited to physical abuse but includes words, actions, or attempts to degrade, control, humiliate, intimidate, coerce, deprive, threaten, or harm another person.

² <https://3903.cupe.ca/resources/bylaws/>

Intimate Partner Violence: An act of abuse between an individual and a current or former romantic, sexual or dating partner. Intimate partner violence is sometimes called domestic violence. For this policy intimate partner violence describes a situation where the perpetrator lives with or used to live with the survivor. Instances of intimate partner violence are wide ranging and can take many forms such as physical, sexual, financial, spiritual or emotional. It occurs when one person uses power to control over another through threats or actions, control over finances, social isolation, humiliation, outing them as queer or trans, or other kinds of coercive behaviour.³

Member: All persons covered under the terms of the scope clauses of CUPE 3903's Collective Agreements, Bylaws, and the CUPE National Constitution.

Respondent: The person who the survivor names in their complaint as the person who harmed them.

Staff: Persons employed by CUPE 3903 on a full- or part-time basis, and who are not members of CUPE 3903.

Separation of Parties: Separation of parties may involve banning the respondent from some or all union activities for a set period of time. If separation of parties cannot be achieved, a plan may be enacted to provide support and safety for the survivor in joint spaces.

Sexual Violence: An umbrella term describing any harm, physical or psychological, carried out through sexual means or by targeting sexuality. Sexual violence includes all forms of unwanted sexual contact as well as name-calling, sexual humiliation, and sexual targeting.

Sexual Assault: Any unwanted act of a sexual nature imposed by one person upon another including activities such as kissing, fondling, oral, anal or vaginal sex, or other forms of penetration without consent. Sexual assault can be experienced by members of any gender.

Sexual Harassment: Sexual harassment is defined as unwelcome sexual advances, requests for sexual favours, and other verbal or physical conduct of a sexual nature such as non-consensual distribution of sexual images, or humiliation through sexual jokes. Sexual harassment happens when any of the following factors are present: 1) the conduct is presented as a term or condition of an individual's employment, education, living environment or participation in a University community; 2) the acceptance or refusal of such conduct is presented as the basis or a factor in future decisions affecting an individual's employment, education, living environment, or participation in a University community; 3) the conduct unreasonably impacts an individual's employment or academic performance or creates an intimidating, hostile, or toxic environment for that individual's employment, education, living environment, or participation in a University community. Sexual harassment may occur in one incident or as a series of behaviours.

Support Person: A person of the survivor's choice who helps them navigate the process. Staff employed by CUPE 3903 cannot act as support person.

³ http://www.ontla.on.ca/web/bills/bills_detail.do?locale=en&Intranet=&BillID=3795

Survivor: A person who has experienced sexual violence. People of any gender can experience sexual violence. Some people may prefer the language of “survivor,” some may prefer the language of “victim” and some may prefer a different term. Members will make every effort to use the preferred terminology.

Transformative Justice: The idea that meaningful justice processes that work towards healing, engaging the people who have caused harm, and repairing relationships can be developed. It is a process that seeks individual justice while recognizing that we need to transform our communities to address the root causes of violence.⁴

Union Spaces: Defined broadly to include physical, social and online forums where union activities occur, including but not limited to the physical union offices, social events, any meeting of a union committee, informal meetings between members and an executive member or a staff person, and/or union social media accounts.

V. Training on Sexual Violence

CUPE 3903 will employ a tiered system for training on issues of sexual violence.

Staff Training: CUPE 3903 staff will be trained by a professional external to the local. The training should occur within six months of the implementation of the policy and within six months of the hiring of any new staff member. Regular training should then occur every two years, or at a greater frequency if decided upon by the 1281-3903 Labour Management Committee. The Executive Committee, in consultation with 3903 staff and TFAC Co-Chairs, will decide on third party training resources. The third party should have knowledge of the dynamics of sexual violence and direct experience in developing and delivering training about survivor-centric disclosure and resolution processes. See [Appendix C](#) for suggested training resources.

Executive and Member Training: The Equity Officer is responsible for co-coordinating and/or hosting training around sexual violence for CUPE 3903 members, including those who serve on the Executive Committee.

Executive Committee Training: Executive training will include 1) training on survivor-centric procedures which will allow members of the executive committee to act in a survivor-centric manner at the point of disclosure; and 2) information on resources, both from 3903 and outside avenues, that are available to survivors.

Member Training: All members will have access to training on survivor-centric approaches to sexual assault disclosure at least once a year. The Equity Officer is responsible for organizing member training.

⁴ <https://stillmyrevolution.org/2015/12/23/transformative-justice-and-as-harm/>

Training Priorities:

All training should address the following:

- The goals and use of this policy.
- Facts about the prevalence and patterns of sexual violence in post-secondary institutions.
- Disabled peoples' experiences of sexual violence and the practice of access.
- BIPOC people's experiences of sexual violence.
- Traditional and intersectional narratives of victimhood. Educational tools and resources should be provided that illustrate the many ways a survivor could behave and disclose.
- How to put survivor-centric policies into practice.
- Education around resources for survivors including Toronto-based local, provincial and national resources.
- Education on the resources to meet the needs of intersectional survivors such as active listening resources for queer, trans, non-binary, disabled, and racialized survivors.
- Self-care and group care strategies that staff can use to mitigate the long-term emotional labour of receiving disclosures.

VI. Procedures Regarding Disclosures of Sexual Violence

CUPE 3903 Executive Committee members and staff will do everything in their power to maintain confidentiality and respect the autonomy of the survivor from the point of disclosure. From the point of disclosure and throughout any subsequent processes, CUPE 3903 Executive Committee members and staff will use a survivor-centric approach as outlined in the Approach section of this policy. This means that disclosures of sexual violence should always be validated and taken as being in good faith. We recognize that people who experience violence respond in a variety of ways, and that race, ability, and sexual history or sexual orientation have no bearing on the validity of a complaint.

CUPE 3903 recognizes that:

- Disclosures of instances of sexual violence are traumatic for the survivor;
- Disclosure does not begin any process unless the survivor requests it;
- The privacy and confidentiality of the survivor is of utmost priority throughout the disclosure process
- A survivor should have complete control over the process of disclosure including who they choose to disclose to, and when they choose to disclose *
- A survivor should decide who serves as their support person in the disclosure and/or complaint process; and
- If a survivor discloses an instance of sexual violence, they should not be pressured to make further unnecessary repetitions to limit the re-traumatization that can occur with retelling.

*The union will make every effort to protect the privacy and confidentiality of the survivor. However, the Union's ability to ensure confidentiality and privacy has particular limits and legal constraints as outlined in this policy. These limits and legal constraints are made explicit throughout this policy and

the Union will make every effort to inform the survivor of these limits and constraints throughout the process.

Procedure when Disclosure Occurs in Person:

If the survivor discloses to an Executive Committee member or staff person who is **not** the Equity Officer, that person becomes a designate of CUPE 3903. The designate will:

- Affirm and validate the survivor’s experiences;
- Offer support through active listening and refrain from taking written notes unless asked to by the survivor⁵;
- Communicate the Confidentiality Policy and how/how long their information will be kept;
- Outline options and resources that are available to the survivor;
- Direct the survivor to the Equity Officer and may, with the consent of the survivor, inform the Equity Officer of the details that the survivor wishes to share.

If the survivor chooses not to involve the Equity Officer, the designate will direct the survivor to an alternate staff member who may assist in navigating informal and formal avenues of redress and/or assist the survivor themselves.

If the survivor discloses directly to the Equity Officer, the Equity Officer:

- will validate the survivor’s experiences;
- will offer support through active listening and refrain from taking written notes unless asked to by the survivor or unless notes are needed for the purposes of filing a grievance or engaging in a hearing related to the case. In such cases where notes may be requested or required, the survivor must be informed that such notes may be compelled by the courts in relation to any future legal proceedings that may arise in relation to the disclosure;
- will communicate the confidentiality policy and how/how long their information will be kept;
- may conduct safety planning and suggest relevant counselling options;
- may refer the survivor to resources and help the survivor navigate those resources if requested;
- may inform the survivor on all avenues of redress listed in this policy and offer to help the survivor navigate these avenues;
- may represent the member in any process covered by their collective agreement.

A survivor who has disclosed to the Equity Officer may elect to switch to another designate at any time.

⁵ Written documentation may be subject to a subpoena by the courts and survivors should be advised accordingly.

Procedure when Disclosure Occurs Remotely:

Every effort will be made on the part of the Union to protect the privacy and confidentiality of members in cases where disclosures occur remotely. However, members will also be made aware that legally, the Union may be subpoenaed to produce records of disclosures that have been remotely documented.

CUPE 3903 will make every effort to guarantee confidentiality in the remote disclosure process (see [Appendix B](#)).

Email Disclosure

CUPE 3903 has dedicated an email address that can only be accessed by CUPE 3903's Equity Officer. This allows survivors to disclose instances of sexual violence any time of day and they will receive both an immediate response and a personalized follow up email by CUPE 3903's Equity Officer as soon as the email is received by the Equity Officer. The immediate automated email response includes a comprehensive list of available local, provincial, and national resources including contact information for immediate counselling, emergency shelters, medical attention and contact information for the Equity Officer including a breakdown of the hours that the Equity Officer is available in the CUPE 3903 office. The immediate automated response will also outline the Union's commitments to protect the privacy and confidentiality of members in cases where disclosures occur remotely, and will also outline the possible limits of the Union's ability to protect member privacy and confidentiality in remote disclosures (i.e. the Union may be subpoenaed to disclose records of disclosures that have been remotely documented).

The follow up contact, either by phone or email by the Equity Officer, will affirm the survivor's experience, while outlining the procedures available to the survivor should they seek more specific resources or want to move forward with an informal or formal resolution.

Phone Disclosure

Survivors can disclose instances of sexual and/or gender-based violence by phone to the Equity Officer. They can either talk to the Equity Officer directly over the phone or leave a message any time of day and receive an answer immediately upon the message being heard by the Equity Officer.

VII. Resolution Processes

There are two resolution processes under this policy: informal and formal.

The informal process requires the consent of both parties, and takes a transformative justice approach. The emphasis is on attempting to reach a resolution through mediation or other consensual arrangements. The aim is to address the harm in a way that is less adversarial and seeks to remedy the forces in our communities that allow and promote sexual violence. A survivor can choose to switch from an informal to a formal process at any time.

The formal process consists of an investigation by a third party, and does not require the consent of the respondent. By definition, it is an adversarial process which seeks to unearth the veracity of events. The formal process may be better in cases where the respondent is not willing to participate in an informal process, or the survivor feels that events in question are too severe to warrant an informal resolution.

In both informal and formal processes, an immediate separation of parties will be implemented for 14 days. This separation of parties is meant to act as a cool-down period and should not be construed as evidence of wrongdoing.

VIII. Informal Resolution⁶

This option focuses on providing: a) information to both parties, b) support to the survivor, including referrals, and c) the possibility of mediation for resolution. The survivor and the respondent are each entitled to have a support person while pursuing an informal resolution. Informal resolution procedures do not require any direct contact between the parties. The Equity Officer, or alternate designate, will provide support to the survivor that may include, but is not limited to:

- Providing information on members rights as an employee of York University under the Collective Agreement;
- Directing members to appropriate university or local community services;
- acting as a neutral mediator between members;
- Providing advice and/or advocacy, including referrals to staff representatives regarding potential grievances against the Employer;
- Reviewing the benefits and drawbacks of third-party mediation, and;
- Recommending to the Executive Committee the hiring of a third-party mediator.

Hiring an External Mediator:

The Equity Officer or designate will inform the survivor that hiring of an outside third party will require financial approval from the Executive Committee. The discussions of the Executive Committee will always take place in a confidential *in camera* session and will not disclose names if at all possible.

Possible Informal Remedies:

Unless otherwise indicated, these remedies are negotiated through the Equity Officer or designate:

- Communicating the reported conduct to the respondent and demanding it to stop;

⁶ These informal resolution guidelines were developed using several member-to-member harassment procedure documents including: TIWI Member to Member Harassment Research Report 2004, the interim Anti-Harassment Procedure for CUPE 3903 approved by the general membership on October 17, 2006, and the Sexual Assault Policy of an unnamed Toronto radical group.

- Voluntary mediation between the parties. At this meeting, parties can be face-to-face or in separate rooms. The focus of the meeting will be: a) the impact of the reported conduct on the survivor, and b) reaching an agreement on a holistic resolution of the complaint.
- Hiring a third-party external mediation. Where a third-party mediator is present the focus of the meeting will be the same as in internal mediation.

The Equity Officer or designate will notify the survivor of the respondent's response to the complaint. If the respondent is unwilling to participate in the informal process, the survivor can begin an internal formal complaint. At any point in this process the survivor can halt the informal complaint and launch a formal complaint.

Resolutions may include but are not limited to:

- an apology by the respondent to the survivor;
- counselling or anti-oppression training for the respondent;
- a separation of parties.

Once resolutions have been agreed upon by both parties, a designate will be assigned to address any concerns or questions from either party.

Where the Complaint is Against an Executive Committee Member:

When a complaint involves an Executive Committee member, an outside third party will be contracted to fulfill the duties assigned to the Equity Officer or designate for the purposes of the complaint.

Where Respondent Does Not Cooperate with the Informal Process:

If the respondent does not respect the resolutions arrived upon by the informal resolution process, a formal complaint may be launched. Any informal resolution can be appealed by either party, and the appeals process will result in the initiating of the formal procedure.

IX. Internal Formal Complaint Processes

A formal complaint can be launched at any point by the survivor, or by the respondent through an appeal of an informal resolution. A support person of the survivor's choosing may assist the survivor in articulating the complaint. CUPE 3903 staff including the Equity Officer cannot act as support people, but they can recommend a support person on behalf of the survivor. The survivor or their designate will deliver the complaint to the Equity Officer or the Complaint Resolution Committee. If the complaint is delivered to the Equity Officer, the Equity Officer will then deliver it to the Complaint Resolution Committee.

At any point in time in the process, the survivor may have a support person of their choosing take over as their official representation in the process.

The survivor can withdraw the complaint at any time in the formal complaint process. If the survivor withdraws the complaint, the investigation will be terminated, and the case will be closed.

Due to the nature of a formal process, written notes and documents will need to be kept, subject to the confidentiality policy outlined in Appendix B. The survivor must be informed that such notes may be compelled by the courts in relation to any future legal proceedings related to the disclosure.

Formation of a Complaint Resolution Committee:

The Complaint Resolution Committee shall consist of three Executive Committee members, of which one shall be a TFAC Co-Chair. Election to the committee occurs annually at an Executive Committee Meeting no later than thirty days after the swearing in of a new Executive. If Complaint Resolution Committee members withdraw from the committee or leave the Executive Committee a replacement will be elected as soon as possible. Names of Committee members shall be made available to the membership through the Local's website.

Once a complaint has been submitted any member of the Complaint Resolution Committee with a demonstrated conflict of interest must recuse themselves. A replacement shall be elected at the next Executive Committee Meeting. Both the survivor and the respondent can identify Resolutions Committee members with potential conflicts of interest.

The Committee will attempt to come to a consensus whenever decisions are required. If a consensus cannot be reached a simple majority vote will determine the outcome.

The role of the Complaint Resolution Committee is to:

- Receive a complaint from the survivor and/or their support person.
- Verify that the complaint falls within the scope of this policy, and if so, and with the survivor's consent, to proceed with the Formal Resolution process.
- Inform the respondent that a complaint has been made.
- Bring forward a motion to the next Executive Committee meeting for the hiring of an outside investigator. If quorum cannot be achieved an emergency executive meeting will be called as soon as possible.
- Facilitate the forwarding of confidential information to and between parties if and only if necessary, to move the formal complaint process forward.
- Keep the survivor and respondent informed regarding the investigation and address their questions/concerns.
- Receive the investigator's report and meet with the survivor to discuss the report and determine steps towards resolution. The committee shall bring to this meeting some suggestions for resolution.
- Consent must be granted by the survivor for any suggested resolutions that would impact the respondent's participation in the union, or that require the involvement of the survivor. The Complaint Resolution Committee is empowered to determine which resolution steps fall under this clause.
- Deliver a summary of the investigator's report to the survivor and respondent outlining the steps towards resolution that both parties must follow, including timelines where appropriate. The Resolution Committee should request that the investigator writes a report summary for this purpose.

- Track the resolution of cases, remain the point of contact for both parties and follow up with parties as outlined in the communicated steps towards resolution.
- Close the complaint when appropriate following the procedures outlined in this policy.
- Discuss with the survivor or a support person of the survivor's choosing any immediate support needs, and assist in the creation of a plan to meet those needs. The Committee will collaboratively develop a communication plan with the survivor.
- Review and update the Resources list (Appendix C of this policy) annually.

Conflicts of Interest

Any CUPE 3903 Executive Committee member named in the complaint must recuse themselves from the Complaint Resolution Committee. Any member of the Complaint Resolution Committee who has a close relationship with either the survivor or respondent that could influence their decision-making (positively or negatively) must declare a conflict of interest.

The definition of a “close relationship” is necessarily vague. Any Committee member who even suspects that their relationship with the survivor or respondent may be viewed as a conflict shall disclose this relationship to the rest of the Committee. Both parties can identify Complaint Resolution Committee members with potential conflicts of interest. Where doubt exists that the relationship constitutes a conflict, the committee is empowered to decide whether a conflict exists. Any Committee members with a conflict of interest shall recuse themselves from the Committee.

The following are automatically conflicts of interest:

- Committee members who are relatives of either party;
- Committee members who are or were intimate partners of either party;
- Committee members who have lived with either party currently or in the past;
- Committee members who are or have been involved in legal proceedings with either party;
- Committee members who are the employer/supervisor of either party.
- Committee members who are an employee reporting to or employed by either party.

Powers of Investigation & Decision-making

The Complaint Resolution Committee will hire an external professional to investigate the complaint. The investigator may call witnesses from our General Membership, but may not compel them.

Within two weeks of the completion of the investigation, the committee will recommend resolutions that may include but are not limited to:

- an apology from the respondent,
- counselling or anti-oppression training for the respondent,
- a separation of parties,
- requiring the respondent to step down from any position held within the local (including the Executive Committee).

Confidentiality of Committee Activities

All activities, records, and proceedings of the committee shall be strictly confidential and conducted *in camera*. No aspect of the committee's work should ever be discussed outside of the committee and each member of the committee will sign a lifetime binding confidentiality agreement. If it becomes apparent that this agreement has been violated, the person who violated the agreement will lose all privileges possible under the CUPE National Constitution indefinitely or permanently, and may be subject to the CUPE National Trial Process. All records of the formal complaint processes will be permanently locked away and only the Equity Officer will have access to these records. Every part of this policy must follow the confidentiality procedures under Appendix B.

Appeal of Resolution

If a member wishes to appeal resolutions determined by the Complaint Resolution Committee (CRC) they may do so within 30 days of receiving the CRC's decision.

The appeal should be delivered in writing to the Recording Secretary. If the Recording Secretary is a party to the original complaint or sits on the CRC, the appeal should be delivered to the Chairperson. The appeal should name the survivor and respondent and include a brief explanation of why the appellant disputes the resolutions of the CRC.

The appeal shall be based on procedural issues, or disputes of the CRC's resolutions. The report of the third party investigator is not subject to appeal. The appeal must be based on the information available to the CRC at the time of decision making; new information cannot be included in the appeal.

Once in receipt of the appeal, the Recording Secretary or Chairperson is then responsible for ensuring that the appeal is added to the next Executive Committee meeting agenda. The agenda item will be *in camera*. The discussion will be procedural only. The Recording Secretary or Chairperson shall notify both the appellant of the date for the Executive Committee meeting wherein the appeal will be reviewed. The Executive Committee shall determine if the appeal meets the criteria outlined above. If the appeal does not meet the criteria above then it will move no further. The Recording Secretary or Chairperson will inform the appellant that the appeal was denied because it did not meet the criteria. The appellant may file another appeal provided it is within the initial 30 day days following the CRC's decision.

If the appeal does meet the criteria above, a motion will be put forward to approve the hiring of a third party mediator. The Executive will also appoint an executive officer to oversee the appeals process. This executive officer cannot be a member of the CRC, the survivor, or respondent. This executive officer functions in an administrative role and will not be deciding on the appeal itself. From here this executive officer will be referred to as the Appeals Director (AD). The AD will notify the survivor and respondent that the Executive has found the appeal to meet the criteria and that a third party mediator will be hired. The survivor should be assured that an appeal is directed at procedural issues or disputes of the CRC's resolutions and is not an appeal of the investigation itself nor will it address the veracity of the original complaint.

Within two weeks of the Executive Committee approving the hiring, the AD will arrange for the hiring of a third party mediator (from here referred to as “appeal mediator”) and assist in connecting the appeal mediator with other parties as necessary. The AD shall not have access to any confidential information associated with the original complaint resolution process except for names and contact information necessary to perform their administrative role. The AD may also address questions of a procedural nature, or non-confidential material (e.g., local’s bylaws) as necessary.

The AD will provide direction to the mediator on the scope of the appeals process. The appeal mediator’s role is to: (1) determine if there were procedural issues in the complaint resolutions process, and/or (2) review the dispute resolutions determined by the CRC. Which aspect the appeal mediator will focus on will be determined by the appeal filing (e.g., if the appeal was of the CRC’s recommended resolutions only then the appeal mediator should not seek to determine separately if there were procedural irregularities). The AD should also inform the appeal mediator that when deciding on the outcome of the appeal the Executive Committee is restricted to upholding or striking the CRC’s resolutions in whole or in part, and cannot determine new resolutions and/or strike a new investigation.

The AD shall connect the CRC, survivor and respondent to the appeal mediator. The survivor can refuse to participate in the appeals process in which case the appeal mediator will be directed not to contact the survivor. However, this does not stop the work of the appeal mediator and the appeals process. If the appellant refuses to work with the appeal mediator then the appeal is dismissed and the work of the mediator will be considered concluded.

At the conclusion of their work, the appeal mediator shall submit a written report of their findings and a separate brief summary report including recommendations to the AD. The content and scope of the written report of findings shall be left to the appeals mediator. The purpose of the separate brief summary report including recommendations is distribution to the parties involved in the appeal and the Executive Committee. As such, the AD shall instruct the appeals mediator to compose the brief summary including recommendations in a way that minimizes the disclosure of confidential information. Details of the original complaint, and/or the investigator’s report generated during the complaint resolution process, should not be included in any report from the appeal mediator unless absolutely necessary.

Within one week of receiving the reports from the appeal mediator, the AD will deliver the brief summary and recommendations to the appellant and the CRC. The AD will deliver the brief summary and recommendations to the survivor, if and only if, the survivor has elected to participate in the appeals process. The written report of findings is not to be distributed. The AD will arrange for storage of the report of findings and the separate brief summary including recommendations, as per the confidentiality procedures within the Internal Sexual Violence Policy.

Within one week of receiving the reports from the appeal mediator the AD will also contact the Recording Secretary to have the report placed on the next Executive Committee meeting agenda. This shall be an *in camera* discussion item. The AD will distribute the appeal mediator’s brief summary including recommendations to the Executive Committee ahead of the meeting. The AD will bring a copy of the appeal mediator’s full report of findings to the Executive Committee meeting, but it is not

to be distributed ahead of the meeting. If the AD cannot attend the Executive Committee meeting the Recording Secretary or Chairperson can act on their behalf.

The Executive Committee shall discuss the appeal mediator's brief summary including recommendations and attempt to decide the outcome of the appeal. If the Executive Committee feels they require the full report of findings to make their decision then, at this point, the AD will distribute the report. The full report of findings will be distributed in numbered hard copy; all copies will be collected and destroyed at the conclusion of the meeting. If the Executive feels the report is too extensive to review within the meeting then discussion of the appeal will be tabled to the next Executive Committee meeting. A secured copy of the report of findings may be made temporarily available to the Executive for review before the next meeting.

When deciding the outcome of the appeal the Executive should strive for consensus but a decision can be passed by a majority vote. The Executive Committee can uphold or strike the CRC's resolutions in whole or in part. The Executive Committee cannot determine new resolutions. The Executive Committee cannot direct the start of a new investigation. The Executive Committee's decisions are final.

X. Other Avenues of Complaint

CUPE National Trial Process

The Trial Process is currently the only means available under the CUPE National Constitution that could potentially result in a binding finding of exclusion from union spaces. For further information on the CUPE National Trial Process, members can refer to Appendix F of the [CUPE National Constitution](#). The latest version of the CUPE Trial Process includes a provision that provides members with an alternative process for dealing with complaints regarding discrimination and harassment, located in Section F.4(c) of the constitution, and further outlined in the CUPE National Trial Procedure Handbook.

It should be noted that, considering the structure of the Trial Process and CUPE National alternative process for complaints on harassment, the local cannot guarantee that the Trial Committee will be composed of individuals who are adequately trained in issues of sexual violence. This process does not meet the survivor-centric nature, confidentiality, and conflict of interest standards outlined in this policy.

As a local, we will not use the current CUPE National Trial Process to address sexual violence.

Using the Grievance Process

The grievance process follows our collective agreements (Article 6). A grievance is always against the employer (York), and not an individual. Nothing in this policy is meant to remove responsibility from the employer for ensuring a workplace free from sexual violence.

Filing a grievance can be helpful when it is a matter of health and safety, for example keeping the survivor safer in their work environment. A successful grievance may be a way of ensuring a binding separation of parties in the workplace and/or York properties.

A grievance is filed against the employer and not the union. Consequently, settlements only apply to members as employees, and do not apply to member participation in union spaces. A survivor may choose to pursue a grievance along with other processes.

To initiate a grievance, the survivor or their representative must talk to staff. Staff can file a grievance without the presence of the survivor in the required meetings.

External Complaints

Survivors may opt to file a complaint that is external to the local, for example to York University, to the Human Rights Tribunal, or to the police. The local cannot get directly involved in these processes. Similarly, any finding under York's Sexual Violence Policy cannot be automatically applied to union spaces. However, a survivor may still access any funds or supports offered by the local if they choose an external process.

XI. Resources

An appendix ([Appendix C](#)) is attached to this policy containing a list of resources to assist members experiencing sexual violence. The list should include resources for members who experience overlapping oppressions on the basis of race, sexuality, ability, language, and/or other bases of oppression. The Complaint Resolution Committee must vet this list annually to ensure that resources remain current, and adjust the listings as necessary.

XII. Review of the Policy

This policy shall be reviewed by an independent reviewer every five (5) years. The reviewer will evaluate the policy for both currency and function, and will make recommendations to the executive committee of any updates required. These recommendations will be publicly available to the membership.

Appendix A: Complaint Resolution Committee - Documents and Further Procedures

Formal procedures occur when a survivor launches a formal complaint or either party appeals an informal resolution. The composition and role of the Complaint Resolution Committee is outlined in Section 9 of this policy (CUPE 3903 Internal Sexual Violence Policy).

These Documents and Further Procedures are meant to guide and support the Committee in fulfilling their role. Within these documents and procedures, “the Committee” refers to the Complaint Resolution Committee, and “the Policy” refers to the CUPE 3903 Internal Sexual Violence Policy.

The Complaint Resolution Committee has three members. Whenever decisions made, the committee should attempt to meet in its entirety. As outlined in the Policy, the Committee will attempt to come to a consensus whenever decisions are required. If a consensus cannot be reached a simple majority vote will determine the outcome.

1. Receiving a complaint

The survivor, their support person, or a designate of the local to whom the survivor has disclosed can deliver a complaint to any member of the Committee. The Committee member who receives the complaint should document its submission by filling in the ***Sexual Violence Policy Complaint Submission Form***.

If the complaint is received electronically (i.e., via email) it should be printed in its entirety, including any accompanying messages/emails. Due to the decreased security in sharing/transmitting electronic documents, it is the physical copy that should be used for the remainder of the Internal Formal Complaint Process, whenever possible.

Upon receiving the report a Committee member(s) should discuss with the survivor or a support person of the survivor’s choosing any immediate support needs, and assist in the creation of a plan to meet those needs. Staff, and other resources found within this Policy, can be used by the Committee in meeting the survivor’s support needs.

Receiving the complaint and filling in the ***Sexual Violence Policy Complaint Submission Form*** begins the formal record-keeping of the Internal Formal Complaint Process (CUPE 3903 Internal Sexual Violence Policy, Section 9).

The Committee member who receives the complaint should contact the other Committee members as soon as possible to arrange a meeting regarding the complaint. Electronic communications regarding the complaint should not contain member names or identifiable information.

2. Verifying that the complaint falls within the scope of the Policy

The Committee should meet and review the complaint as soon as possible after it has been submitted. The review is not to address the veracity of the claim, only to assess whether it falls under

the scope of the Policy. The ***Sexual Violence Policy Complaint Review - Scope Form*** will assist the Committee in making their decision and should be completed for documentation purposes.

At the meeting where the complaint is first reviewed, a Committee member should be designated as a contact person for the survivor. The survivor must be contacted after the review and informed on whether the Committee has agreed to proceed with the Internal Formal Complaint Process or not.

Even if the Committee has found the complaint falls under the scope of the Policy and has agreed to proceed with the Internal Formal Complaint Process, they must confirm consent of the survivor to proceed with the Formal Complaint Process before proceeding.

3. Appealing the Finding of the Committee on Scope

In the case of a finding that the complaint does not fall within the scope of the Policy, the survivor can appeal to the Executive Committee. Such an appeal will rely on the ***Sexual Violence Policy Complaint Review - Scope Form*** and not contain any names or identifying information. The appeal will be heard in a confidential *in camera* session. The appeal shall be included on the agenda of the next Executive Committee meeting, which shall be no later than two weeks after the appeal is filed. The appeal decision will then be communicated to the survivor by the Committee. The decision of the Executive Committee is final.

4. Informing the Respondent of a Complaint

A member of the Committee will be designated to act as a contact person for the respondent. The respondent should be contacted once the Committee has found that the complaint falls under the scope of the Policy and has agreed to proceed with the Internal Formal Complaint Process. The respondent should be directed to the Internal Sexual Violence Policy and be made aware that an outside investigator will be hired to investigate the complaint.

5. Keeping the Complainant and Respondent Informed

Members of the Committee will be designated as the point of contact for the respondent and survivor. The point of contact for both parties cannot be the same person.

The Committee may wish to draft template communications for standard points in the process to ensure consistency across complaints and completeness of the information given.

The Committee may address questions/concerns about the process but should not discuss the complaint itself with either party. This does not preclude the Committee from referring to aspects of the complaint, for instance in the explanation for their scope decision given to the survivor. However, it is the role of the outside investigator to discuss the complaint and ask questions of the parties.

6. Hiring an External Investigator

If the Committee finds that the complaint falls under the scope of the Policy and has agreed to proceed with the Internal Formal Complaint Process, they must bring forward a motion to the next Executive Committee meeting for the hiring of an external investigator.

The external investigator should have training and/or experience in workplace investigations of sexual violence, and be familiar with labour law as it applies to the relationship between unions and their members. The investigator should be made familiar with this Policy, and should agree to take a survivor-centric approach to the investigation. The investigator will provide both a detailed report and a summary of their investigation to the Committee.

7. Reviewing the Investigator's Report and Determining Steps Towards Resolution

The Committee should meet and review the investigator's report as soon as possible after it is received. If resolutions are deemed necessary, the Committee shall decide on potential resolutions to suggest to the survivor. The Committee shall provide the investigator's summary to the survivor and meet with them to discuss and determine steps towards resolution.

Consent must be granted by the survivor for any suggested resolutions that would impact the respondent's participation in the union, or that require the involvement of the survivor. The Complaint Resolution Committee is empowered to determine which resolution steps fall under this clause.

The Committee should include an outline of the steps towards resolution that both parties must follow, including timelines where appropriate. The Committee should also determine how they will track the resolution of cases.

Delivery of the summary report and steps towards resolution should be documented using the ***Sexual Violence Policy Complaint - Summary of Investigator's Report and Steps Towards Resolution Form***.

Appendix B: Confidentiality for Sexual Violence Disclosures

In situations of disclosures of sexual violence to Executive members and/or Union staff, every effort will be made to protect the privacy and confidentiality of members. Executive members are bound by the Confidentiality Rules/Agreement as set out in the CUPE 3903 Bylaws.

The Union shall use and share information only with the written agreement of the member concerned or as permitted by law that applies to the Union, or the Union by-laws.

CUPE 3903 and its representatives recognize that union spaces can be toxic places for survivors of sexual violence and recognize the importance of allowing survivors the option to disclose and seek resources and/or redress remotely without having to disclose in person. Every effort will be made on the part of the Union to protect the privacy and confidentiality of members in cases where disclosures occur remotely. However, members who choose to disclose remotely must also be made aware that the Union may be legally required or compelled to disclose records of disclosures that have been remotely documented.

Physical records of member disclosures of sexual violence

Executive members and staff will refrain from taking written notes unless asked to by the survivor or unless notes are needed for the purposes of filing a grievance or engaging in a hearing related to the case. In such cases where notes may be requested or required, the survivor must be informed that such notes may be compelled by the courts in relation to any future legal proceedings that may arise in relation to the disclosure.

All physical notes and other material that contain member disclosures of sexual violence will be kept in locked offices, cabinets or otherwise secure storage when not in use. Such material will not be kept in open areas and will not be accessible to the general membership.

Upon termination of term of office, an Executive member or Complaint Resolution Committee member shall immediately transfer to their successor and/or place in secured storage any material containing member disclosures of sexual violence. No Executive or Complaint Resolution Committee member shall keep material containing member disclosures of sexual violence beyond the length of their term of office.

Once a case is closed, either through the consent of the survivor or the end of the investigative process, any written notes or documents will be kept for a period of three years, after which the materials will be shredded and/or disposed of in confidential waste containers. Should the survivor request it at any time within those three years, the notes or documents may be provided to them.

Electronic records of member disclosures of sexual violence

Every effort will be made on the part of the Union to protect the privacy and confidentiality of members in cases where disclosures occur remotely. However, members who choose to disclose sexual violence through email must be made aware that the Union may be legally required or

compelled to provide records of disclosures that have been remotely documented via electronic means.

Electronic material including databases, downloaded emails, and other files containing member disclosures of sexual violence will be kept on devices secured, at a minimum, by a password and accessible only to the Executive or Complaint Resolution Committee member requiring the information to fulfill their duties as per the CUPE 3903 Sexual Violence Policy.

Portable hard drives such as USB flash drives containing member disclosure of sexual violence and any relevant and related materials shall be, at a minimum, secured by a password and/or stored in locked offices, cabinets, or otherwise secured storage when not in immediate use.

Email communication containing member disclosure of sexual violence should be conducted through official email addresses authorized by the local. Any emails with member disclosures of sexual violence sent to private email addresses in the course of union business should be forwarded to official email addresses or otherwise securely stored if needed for record keeping and deleted from all personal devices of the Executive or Complaint Resolution Committee member. Members who chose to disclose to the personal email addresses of an Executive or Complaint Resolution Committee member must be made aware of the limits of the Union to protect the privacy or confidentiality of information provided via a third-party email service.

The confidentiality and data retention policies of all third-party software/systems used by the local shall be available to members.

APPENDIX I – Confidentiality Rules

These rules are meant to set out minimum guidelines, and apply to committee members, including Executive Committee members, and officers. This includes the Bargaining Team and any committees formed during bargaining mobilization and possible strike action. Individual committees/officers may make more stringent rules as they see fit.

I. General Procedures

All Executive/committee members or officers must sign the confidentiality agreement found here (Section 6). The Chairperson shall be responsible for ensuring Executive Committee members do so within two weeks of starting their term. The Vice Presidents shall do the same for members of other committees and officers within thirty days of assuming their position, and before any access to member information is granted. Signed confidentiality agreements will be delivered to the Recording Secretary to become part of the administrative records of the local.

Member information here is defined as information that includes but is not limited to email and home addresses, phone numbers, details of fund applications, disclosures of sexual violence and grievances. In general, any personal information provided by members to the local, which committee members and officers otherwise would not be privy to outside of their official duties should be considered member information.

The Chairperson shall facilitate the organizing of confidentiality training for the Executive Committee and the Vice Presidents shall facilitate the organizing of training for the other committees and officers. Confidentiality training, at a minimum, should consist of reviewing this Confidentiality Policy and ensuring those being trained are aware of their responsibilities under the policy. All efforts shall be made to provide confidentiality training before executive/committee members or officers are provided access to member information.

Physical records of member information

All physical notes, applications and other material that contains member information will be kept in locked offices, cabinets or otherwise secured storage when not in use. Such material will not be kept in open areas, accessible to the general membership/population.

Upon termination of term of office, an Executive/committee member or officer shall immediately transfer to their successor and/or place in secured storage, any material, containing member information. No Executive/committee member or officer shall keep material containing member information beyond the length of their term of office.

Once an Executive/committee member and/or officers have assumed their role, they will destroy all material containing member information that is older than seven years that has come into their possession. Material shall be shredded and/or disposed of in confidential waste containers. The conditions of storage and the length of time records will be kept should be clearly communicated to members submitting information to the local.

Electronic records of member information

Electronic material including databases, downloaded emails and other files containing member information will be kept on devices secured, at a minimum, by a password and accessible only to the Executive/committee member or officer requiring the information to fulfill their duties. Portable hard drives such as USB flash drives containing member information shall be, at a minimum, secured by a password and/or stored in locked offices, cabinets or otherwise secured storage when not in immediate use.

Email communication likely to contain member information should be conducted through official email addresses authorized by the local. Any emails with member information sent to private email addresses in the course of union business should be forwarded to a successor or otherwise securely stored if needed for record keeping, and deleted from all personal devices at the end of the Executive/committee member or officer's term.

The confidentiality and data retention policies of all third-party software/systems used by the local shall be available to members.

Once an Executive/committee member and/or officers have assumed their role, they will delete all electronic material containing member information that is older than seven years that has come into their possession. However, since electronic material is not as easily or thoroughly destroyed as physical material, alternative means of submitting information should be provided to members with concerns where practicable.

II. Executive Committee

Executive Committee members may need quick and ready access to a large amount of member information, and may need to communicate this information with each other and staff in order to perform their duties effectively. The above general procedures will still apply.

Member information gained in private conversation/communication while acting as an executive officer shall not be shared unless necessary for the performance of executive duties, or unless the member whose information is in question is aware that the information will be shared.

Access to, and the information on, membership lists and other bulk databases of members shall only be accessible to current Executive members and staff.

Relevant information on membership lists and other bulk databases may be shared with committee members and/or officers provided it is necessary for the functioning of the committee or officer's duties (e.g., confirming eligibility for a fund). The Executive Committee member sharing the relevant information from the membership list/database shall share only what is necessary, and remove members' information not necessary for the functioning of the committee or officer's duties. The Executive Committee member sharing the membership list/database shall ensure that those receiving the information treat it following the rules laid out in this policy and do not continue to have access to the information after their term of office.

The Stewards Council/Bargaining Mobilization Committee/Strike Committee may authorize the sharing of membership lists and other bulk databases with members for specific mobilization tasks. The body sharing the membership list/database shall ensure that those receiving the relevant information treat it following the rules laid out in this policy and do not continue to have access to the information after the task is complete.

III. Other committees/officers

Committee members/officers shall use member information shared with them only for the purposes of their duties. No other uses of information are permitted. Anonymized information (information that would not identify the member in question) may be used when reporting on committee matters if necessary.

Committee members/officers shall not share member information revealed/gained in the course of the performance of their duties, unless it is necessary for the completion of their duties. This includes sharing of information with members of other committees, Executive Committee members, officers and/or staff. This does not preclude committee members discussing procedural issues in a manner that does not reveal personal member information.

Committees overseeing the distribution of funds will not reveal the names or other information of fund applicants unless it is required for the disbursement of the fund, and only to those necessary for the purposes of disbursement.

Committees overseeing the distribution of funds will store any records containing member information securely, and destroy records as outlined in this procedure. The conditions of storage and the length of time records will be kept should be clearly communicated to all those applying for funds.

IV. Breaches of Policy

If a member alleges that this policy has been breached, the allegation must be delivered in writing to a member of the Executive Committee within sixty (60) days of when the member became aware of the alleged breach. The Executive Committee member who received the complaint will then add it to the next Executive Committee agenda.

At the next Executive Committee meeting, the allegation shall be reviewed in an *in camera* session, and the Executive Committee will determine next steps. If the allegation is against an Executive member, that Executive member shall recuse themselves from the discussion and any resulting votes.

Next steps may include but are not limited to:

- Investigating the potential breach and revisiting the issue after the investigation,
- Dismissing the allegation

If the Executive Committee decides to investigate the breach, the first step will be to solicit a written response from the individual accused of the breach. Additional steps of the investigation may require meeting in camera with the individual accused of the breach and, separately, with the complainant.

If, after the investigation, the Executive Committee finds that a breach has occurred, they shall then determine an appropriate remedy at the next Executive meeting.

The Executive Committee will provide a description of the next steps and/or remedies determined to the complainant, in writing, within five (5) business days of the Executive Committee meeting where the issue was discussed. The remedies/penalties shall not go into effect until the offending member has had the opportunity to appeal the decision before a GMM (see 'Appeal' subsection below).

Appropriate remedies may include but are not limited to:

- Verbal and/or written warning,
- Verbal and/or written apology to the affected parties,
- Removal of access to member information for a set period of time.

In cases of serious breach, the committee member or officer who has been found guilty will be immediately removed from their position, and shall only receive the pro-rated honorarium for the work they have already completed until that point. They shall lose access to the remaining of the honorarium, reimbursements, or any other monies connected to the position.

If an Executive Committee member is found guilty of a serious breach of this policy, the breach will be announced at the next GMM. The honorarium of the said Executive Committee member will immediately be withheld for 2 months. The Executive Committee may consider calling a recall SGMM, if it is necessary to protect member information from further breaches as per Article 8.m of the local's bylaws.

V. Appeal

If an Executive/committee member or officer found guilty of breach of this policy wishes to appeal, they may do so within 30 days of receiving the Executive Committee's decision. The appeal should be delivered in writing to the Recording Secretary. If the Recording Secretary is the appellant, the appeal should be delivered to the Chairperson. The appeal should state the incident in question and include an explanation of why the appellant disputes the finding of guilt and/or the punishment. The Recording Secretary or Chairperson is then responsible for ensuring that the appeal is added to the next GMM agenda. They will also request from the Executive Committee a written response to the appeal.

At the GMM, the written appeal from the appellant as well as the response from the Executive Committee shall be made available to the membership. The appellant will be given an opportunity to speak to the membership in favour of the appeal. If the appellant cannot attend the GMM, they may

send someone to speak on their behalf. A member of the Executive Committee will be given an opportunity to respond to the appellant on behalf of the Executive Committee.

Any information in the written appeal and response to the appeal that reveals the identity of members other than the appellant must be redacted before being shared with the membership. The appellant or the appellant’s representative and the Executive Committee member responding to the appeal will also be directed to refrain from identifying any members other than the appellant in any oral statements made at the GMM.

Once all parties have addressed the membership, a vote shall be called. The membership will vote on upholding the Executive Committee’s finding of guilt of breach and/or the punishment. A simple majority will be required for the vote to pass; otherwise the decision will be overturned. The decision of the membership cannot be appealed.

VI. Draft confidentiality agreement

I, ___[name]_____ acknowledge that as ___[position(s)]_____ I may learn or have access to confidential member information. I acknowledge and agree to abide by the policies and procedures within the CUPE 3903 Confidentiality Policy (Bylaw Appendix H).

Both during and after my term, I shall not disclose, transfer or provide access to confidential member information to any third party except as outlined in the Confidentiality Policy. I shall use all such information for the purposes of fulfilling my role, and duties, within the local and no other purpose.

I shall not use any confidential member information, or access to such, to engage in any activity or allow others to engage in any activity that conflicts with the CUPE 3903 Confidentiality Policy (Bylaw Appendix H).

I acknowledge that any breach of the CUPE 3903 Confidentiality Policy is detrimental to local and I may be subject to discipline including loss of my position or legal action, in addition to any other remedies that CUPE 3903 may see fit.

I understand and agree that the CUPE 3903 Confidentiality Policy applies to my treatment of confidential member information gained during my term even when I am no longer in the position.

Appendix J – Casual Hiring Process for Councils, Committees, Working Groups, and Caucuses

The hiring of casual labour by any of the Local's Councils, Committees, Working Groups, and Caucuses which possess a budget line or account must be performed in an open and transparent fashion.

The following process will be followed:

- The Council, Committee, Working Group, or Caucus will present a budget to either the General Membership or Caucus Membership for approval. This budget will include funds specifically earmarked for the hiring of casual labour.
- After the budget approval, a job description, including a list of responsibilities and expectations for the position, will be sent to the Chairperson and Treasurer to ensure compliance with the CUPE 1281-3903 Collective Agreement (CA) regarding casual employment. Should the responsibilities and expectations for the position overlap with existing CUPE 1281 job descriptions, the Chairperson or Treasurer will inform the entity wishing to hire about options to proceed, including, but not limited to: (1) the position needing to be rethought to ensure compliance with the CUPE 1281-3903 CA, (2) the securing of a waiver from CUPE 1281 to allow the position to go forward, or (3) suggestion how existing staff members with relevant job descriptions could assist with the project.
- The Council, Committee, Working Group, and Caucus will then internally approve the posting and hiring protocol at a minuted, quorate meeting. The protocol must adhere to the Local's equity approach to hiring.
- The posting must contain, but is not limited to, the following: (1) the position title, (2) that the position is a casual hire, (3) the number of hours/hourly rate of pay or total compensation upon completion of project, (4) the job description, (5) a list of responsibilities and expectations, (6) required/recommended experience and work history, (7) whether CUPE 3903 members will be prioritized, (8) a description of a complete application package, and (9) a hiring timeline. The posting must be provided to the Communications Officer and publicly circulated.
- No member applying for the position or with a conflict of interest may take part in any discussions or decisions related to hiring. A conflict of interest is defined as any close relationship with an applicant that could influence the member's decision-making (positively or negatively). Where doubt exists that the relationship constitutes a conflict, the committee is empowered to decide whether a conflict exists and must record its reasoning.
- The following are automatically conflicts of interest:

- Applicants and committee members who are relatives
 - Applicants and committee members who are or were intimate partners currently or in the past
 - Applicants and committee members who have lived together currently or in the past
 - Applicants and committee members who are or have been involved in legal proceedings with each other
 - Applicants and committee members who have an employment relationship with each other such that the applicant or member are the supervisor/employer of the other
- A hiring decision, based on the entity's hiring protocol, must be approved at a minuted, quorate meeting of the Council, Committee, Working Group, or Caucus.
 - Upon a hiring decision being reached, an offer of casual employment/contract will be created that must contain: (1) the position title, (2) the successful applicant's name, (3) the number of hours/hourly rate of pay or total compensation upon completion of project, (4) the termination date of the contract, (5) the expected work/projects they will complete, and (6) the name of who will be supervising them. The offer will be sent to the Treasurer for their signature and then forwarded to both the successful applicant and CUPE 1281 (as per Article 3.05.2 of the CUPE 1281-3903 CA). The total compensation offered within the contract cannot exceed the budget line for the hiring entity.

Casual hires cannot be used to allocate funds to compensate additional work performed by sitting committee members. Any such arrangement must be brought to the membership for approval of an increased honorarium.

Appendix K – Accessibility Policy

CUPE 3903 is committed to ensuring that our union spaces are made as accessible as possible. We understand that it is important to be creative and flexible about accessibility and that the accessibility needs of individuals and groups can change day to day, or even during the course of a meeting. In light of this commitment, considerations for GMMs, SGMMs, and Townhalls should include and not be limited to:

1. Meetings should be booked for no longer than 3 hours. Meetings can be extended by a 2/3 majority vote (as per Article 15) but may not be extended for more than 30 minutes.
2. All 3 hour in person meetings must contain at least one 10 minute break. All 3 hour Zoom meetings must contain at least two 10 minute breaks. Additional breaks may be offered.
3. Spaces booked for meetings must be wheelchair/walker/mobility accessible and there must be seating that is able to accommodate a range of body sizes. Accessible seating will be reserved at the front of the meeting room and in aisle seats that are nearby to the room exits. Space will be made available at the back of the meeting room for standing/stretching. Meeting spaces must be located nearby to accessible all-gender washrooms.
4. Captioning and ASL interpretation will be provided at all SGMMs, GMMs and AGMs, and at other membership meetings upon request. Requests for ASL interpretation must be made to the union's Equity Officer no later than 7 days before the meeting in question. Hiring of ASL interpreters will be made with the political considerations of our local in mind and will follow our equity approach to hiring.
5. Meetings require at least 3 stationary microphones and one microphone that is portable. Stationary microphones should be put in places where there is space to move around them for all body sizes and with a wheelchair/walker/mobility/service animal etc. If there is no space to make stationary microphones accessible, a member must be designated the roving microphone.
6. Childminding will be offered at in-person membership meetings or members will be reimbursed for childcare costs.
7. At the start of each meeting members will be made aware of the nearest washrooms, the nearest gender accessible washrooms, the nearest wheelchair accessible washrooms, and the nearest space available for chestfeeding/breastfeeding/pumping.
8. Food will be provided at all GMMs and SGMMs that takes into account common dietary restrictions (halal, vegan, kosher, nut free, gluten free). Requests for food that accommodates unlisted dietary requirements can be made to the VP Unit 2 no later than 7 days before the meeting in question.
9. Meeting agendas with meeting access information and scheduled break times listed will be circulated 48 hours in advance of the meeting. Paper copies of the agenda in 12 point font and 18 point font (large print) will be made available at the meeting.
